Life Philosophy

"Always turn a negative situation into a positive situation"

About me

I am 27 years old remote front-end React developer with a master's degree from Faculty of Informatics, Masaryk University in Brno. I am focused on developing React/Next.js applications, but willing to learn new technologies as well.

My Passions

- *Traveling*
- *Reading, Studying*
- *Sport*
- *Meeting people*
- *Cooking*

Soft Skills

- 95% Communication and time management
- 90% Creativity
- 85% Organization and planning
- 80% Critical thinking

Programming Skills

- HTML5, CSS3, React
- Next.js
- TypeScript
- Bootstrap, SAAS, LEES, SC
- Vue.js, SQL, Bash

Industry Skills

- Responsive development, UX/UI
- App performance improvements
- Figma, xD, A/B testing
- GIT, Jira, Zapier, Optimize
- REST, GRPC, WebSockets, JSON, XML

My Numbers

12 Months studying abroad	24+ Completed projects
74 Completed courses at the university	8+ Years working in computer science

My Certificates

- Git, React, HTML, CSS, JSON (LinkedIn)
- Dean's award – Master thesis
- State examination of computer administration and corespondency
- IBM award – best web application
- Wordprocessing - competitions

Languages

- Slovak – Native
- English – Advanced
- Spanish – Basic
